

Schuster Building

Evacuation Procedure

- The building has a single stage fire alarm, on hearing a bell ringing continuously you **MUST** evacuate the building immediately and move to the assembly point.
- Assemble on the grassed area outside the Roscoe building
- All exits are clearly marked with the standard Green Fire Exit Signs
- Do not stop to gather your belongings
- Follow any instructions given by Staff
- Do not re-enter the building until told to do so by the Senior Fire Officer

Fire Alarm Testing

- The fire alarms in The Schuster Building are usually tested at on a Wednesday morning at 9.15 am.
- There are no other Fire Alarm drills to be expected in the week
