

European Cryogenics Days 2020

24th-26th May

www.utwente.nl/ecd2020

The Cryogenics Society of Europe (CSE) and the High-Energy Physics network (HEPTech) in collaboration with the University of Twente (UT) invite you to attend the 2020 European Cryogenics Days on May 24 - 26 on the beautiful campus of the University in Enschede, The Netherlands.

This event will consist of the annual meeting of the Cryogenics Society of Europe on Monday May 25 followed by invited talks on all aspects of cryogenics, an industrial exhibition, a visit to UT laboratories including cryogenic facilities, and social events, May 25 and 26. Ample time will be provided for one-on-one meetings. In addition to these two days, we plan to organize a young-researchers program on Sunday May 24.

Participation including social events is free of charge for members of the CSE. Non-members need to contribute a minor fee of 50 euros. Corporate members of CSE will have a reduced exhibitor fee.

Additional details including registration information will be sent in a second announcement early 2020. Information will also be available and continuously updated on our website www.utwente.nl/ECD2020

Please contact ECD2020@utwente.nl with expressions of interest or any questions.

We look forward to welcoming you to this exciting event at University of Twente!

Marcel ter Brake and Srinivas Vanapalli for the local organizing committee
